News and Disclosures

The PMA has released the results of its Business Cycle Index (PMABCI) for September 2014. The results showed that the overall PMABCI witnessed a further deterioration, decreasing from -35.5 point in August, to around -36.1 point during September. Such deterioration comes due to shrinkage in Gaza Strip (GS) performance, along with another decline in the West Bank (WB), compared to the previous month, and to the corresponding month of 2013
