Government hikes fuel prices

The government's fuel pricing committee on Monday decided to raise the prices of gasoline and diesel for the June 11-30 period, citing international prices. According to the committee's decision, the price of 1 litre of unleaded 90-octane gasoline will go up from JD0.750 per litre in May to JD0.780 in June, said an Energy Ministry statement. The price of a litre of unleaded 95-octane gasoline will rise to JD1.10 in June, compared with JD1 the month before. The price of kerosene and diesel per litre will increase to JD0.620, compared to JD0.610 in May. The panel maintained the prices of oil derivatives for the rest of the month, as it was decided in the June price list announced on May 31. The committee was instructed by the Cabinet in a meeting on May 31 to keep prices of the main oil derivatives the same for the first ten days of June.

Arab Potash Company grabs spot on Forbes' top list

Forbes has placed the Arab Potash Company (APC) on the list of the Middle East's largest, most powerful and most valuable 100 companies in 2019. The list is compiled based on sales, profits, assets and market value. According to Forbes, the APC has extended its streak at the top of the 2019 list of the Middle East's most powerful 100 companies due to the highest recorded production volume it has ever achieved, which reached around 2.44 million tonnes in 2018 compared with 2.36 million tonnes in 2017. The APC announced in February that its net profit after taxes, provisions and royalties amounted to JD126 million in 2018, recording an increase of 39 per cent from 2017's JD90 million.

China to fund Salt-Arda road project — MP

Chinese Ambassador to Jordan Pan Weifang recently told Jordanian officials his country would fund a new Salt-Arda road project, according to a statement from MP Mutaz Abu Rumman's office on Monday. The Chinese ambassador made the announcement during an Iftar reception shared by Jordanian and Chinese officials, and hosted by the Jordanian-Chinese Parliamentary Friendship Committee, the statement added. The new road will be called Hayat Street (Street of Life), and will replace the current road, known locally as Mawt Street (Death Street), due to the high number of accidents that take place there. The project was one of the committee's top priorities, according to the statement.
